University Halls of Residence

The University Hall of Residence for students consists of several blocks of buildings designed by a French architect. There are corridors, open spaces and common rooms within each block. There are separate blocks for male and female students. Accommodation for students in these blocks follows international norms and the rooms are aesthetically furnished with priority accorded to hygiene. In addition, the campus provides recreational facilities including a gymnasium, indoor and outdoor games. The surroundings are landscaped with lawns, shrubs and trees. Accommodation in the University Halls of Residence:
